Union Jack Oil plc
("Union Jack" or the "Company")
Launch of New Corporate Website

Union Jack Oil plc (AIM: UJO), a UK focused onshore hydrocarbon production, development and exploration company is pleased to announce the launch of a new corporate website at www.unionjackoil.com

The new corporate website contains several new features, many of which have excellent animations, educational videos, a world oil and gas consumption meter and several other state-of-the-art aspects, including a monthly draw competition where a lucky visitor could win a superb print depicting an industry scene.

The Board of Union Jack hopes that the new website will turn web searchers into visitors and those visitors into new shareholders.

We would like to thank Begley Hutton Design and John Perez Graphics for their contribution and content to the compilation of this dynamic website.
