Union Jack Oil plc
(“Union Jack” or the “Company”)
Production Resumed at Wressle PEDL180/PEDL182

Union Jack Oil plc (AIM: UJO), a UK focused onshore hydrocarbon production, development and exploration company is pleased to announce that the Wressle-1 well has been brought back into production following the installation of a downhole jet pump and associated surface facilities to optimise flow-rates.

Since production resumed, flow-rates in excess of 950 barrels of oil per day have been recorded. The well is now on continuous 24-hour production and is still cleaning up. Export and sale of oil has recommenced.

Once stabilised production is achieved a further announcement will be made.

Union Jack holds a 40% economic interest in PEDL180 and PEDL182.
